f. Award for Superior Accomplishment - []

The Chief of Mission and the Chief, FE recommended [] 25X1A for a meritorious pay increase for performance in support of an FE Mission, but his personnel file included a memorandum dated two weeks earlier recommending a reprimand. The Chief, I & R, DDP reviewed the case and recommended no award but that subject's good work be considered as compensating for the actions which resulted in the request for reprimand. FE requested referral of this case to the Chief, OPS/DDP, who agreed with the Chief, I & R that no increase was deserved. The Panel accepted the recommendations of the C/I & R and the C/OPS that no meritorious salary increase for superior performance be granted, but that it be recognized that his later good work had offset the effect of the request for reprimand. The Panel recommended that a letter be sent to the Chief, FE with a copy to his official Personnel File stating that the recommendation for a superior performance award was disapproved but that it was considered that the earlier request for reprimand had been neutralized by his later performance.
